Nr. 77-Q 559- Alaska

KL7BHE takes pleasure in confirming contact with W9ZXT on March (1) - 2 - 3, 1958 on 14 - 21 - (28) Mc. phone at 2033 G.M.T., YL-OM test. My sincere appreciation to 677 gentlemen who patiently called. No VFO swishing by; no long ragchewers; no breaking stns -- in short a joy to operate. What satisfaction you OMs got from repeated calls to help me amazes me and doubles my gratitude. In small return I offer the use of phone patch. I generally hang around 21.380 or 28.625, and am on when two small tots let me alone! Hope to meet you there soon.
